## **Notre-Dame-des-Neiges Cemetery maintains its essential services to bereaved families and makes its site accessible by appointment only**

Montreal, March 25, 2020 - Notre-Dame-des-Neiges Cemetery maintains its essential services to bereaved families: cremation and burial in earth, in a crypt or in a niche. However, families must make an appointment before coming to the administrative pavilion.

Due to government directives prohibiting gatherings and in order to participate in the collective effort to stop the COVID-19 pandemic, several new measures will be put in place by the cemetery as of March 26, 2020: **the cemetery site will be accessible only by appointment** (made by calling 514 735-1361), whether to make arrangements following a death or for a burial. The cemetery grounds will therefore not be accessible to visitors or walkers until further notice. Only those who have an appointment will be admitted and must use the main entrance, located at 4601 Côte-des-Neiges Road. **Both secondary entrances, located on Decelles Avenue and Camillien-Houde Road, will be closed at all times until further notice.**

In addition, **a maximum of two (2) persons will be allowed to attend an appointment at the administrative pavilion or a mausoleum burial, and a maximum of ten (10) members of the immediate family of the deceased may be present for a burial in the ground.**

Moreover, the cemetery will be completely closed on Sundays.

Notre-Dame-des-Neiges Cemetery wishes to reiterate its commitment to bereaved families, whom it is essential to allow to grieve despite the current extraordinary circumstances.
